Subject: Incident at Tarapur Plant

Ref: Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015

Dear Sir/Madam,

Safety has been the foremost priority for us at Galaxy Surfactants Ltd (“Galaxy”) for the past four decades.

The small intermediate feed tank blast which has taken place today at our Tarapur M-3 Plant has led to two (2) fatalities and three (3) injuries. This is an unfortunate event. There was no fire and we are doing everything that is required to ensure the well-being of all present at our M-3 site and extending full support to the families of the victims. Contrary to what is being stated, there were not more than 67 employees at the site. Galaxy had taken the requisite approvals to operate during the lockdown and we have been adhering to all the Central and State guidelines for operating the plant. Please do not believe any rumours.

This is the first time an incident of such magnitude has occurred at Galaxy and while this is highly unfortunate, Galaxy remains fully compliant and committed to safety. Our safety standards are commensurate to the best in class and we shall ensure such incidents do not occur again.

We request you to take above disclosure on record.

Yours faithfully,
For **Galaxy Surfactants Limited**
